Revision 11
Added by t-andou 2 days ago
SUCCESS build by JavaSmallApp2-Build #4 at 2 days ago
refs #21
Add OhMyGod

Changed

You can no longer grant a edit_hudson_settings right to non member.

Hudson

Use Hudson icons.

Important reminder

Hudson 1.313

Recommend Hudson 1.313

If you use old version of Hudson, plugin may not get test results and changesets.
Plugin store build information, if plugin can't get test results or changesets.
But, If plugin fail, never get test results, changesets again.

Redmine

Plugin get build information when you access plugin (Hudson tab).
Plugin has no exclusive control, so plugin doesn't work when redmine works on multi-process.
I'll try next version.

10

Plugin can get recent build information, more than a dozen.
If Hudson has many build informations, Plugin can't get all. sorry.

Something is wrong with plugin, you should try to delete data from database.
(use 'delete history' button in setting page)
